Desktop – All Pages

	All pages use this format. This section on each page is reserved for page-specific content as follows:
<u>Home</u>	○ About: DJ bios
<u>Services</u>	○ Services: menu of services you offer
<u>About</u>	○ Testimonials: images of customers and quoted feedback
<u>Testimonials</u>	○ Booking: www.wedj.com will load and fill this section
<u>Calendar</u>	○ Contact: your custom contact form
<u>Booking</u>	
<u>Contact</u>	Do you concur with the content? Anything to add or change?
	Are you satisfied with the layout (not colors, just the structure)? Anything to change?
